## The Commander - for the adventurous mind.

The COMMANDER with its sophisticated design is a MUST HAVE for anyone who is looking for a step above the rest. With its many color variations and accents, the COMMANDER provides a solution for every state of mind and use, from elegant to sporty, from every day use to only for special occasion and from “Knock Out” time piece to a meticulous creation. It is made to assist you in all your adventures.

With a Swiss made automatic movement (Claro-Semag 888) set in a stainless steel case and a see through dial, this complicated look will surely draw a lot of attention.

**The complete Elini collection will be shown at the Baselworld 2008, Basel, Switzerland, April 3-10. 2008, Hall 4.1, Stand A01**
